

The **Autism Society of Greater Madison** and the **UW-Madison, Waisman Center** are pleased to present:

The 5th Annual

***“A Day with the Experts”
Autism Research Presentations and a
Panel of People on the Autism Spectrum***

**WAISMAN
CENTER**

When: **Sat., Nov. 8, 2008** Time: **8:30 a.m.- 3:30 p.m.**

Place: **Waisman Center, Auditorium, 1500 Highland Ave, Madison**

Researchers from the UW-Madison, Waisman Center presenting are:

- **Susan Ellis Weismer, PhD**—presenting research on language development of young children on the autism spectrum and how to identify predictors of language outcomes by examining varying profiles of language abilities.
- **H. Hill Goldsmith, PhD**— presenting research on twins (with at least one twin diagnosed on the autism spectrum) that can help us understand genetic factors in autism.
- **Leann Smith, PhD**—presenting findings that highlight the need for respite care services for families and programs to address children’s behavior problems.
- **Erik Carter, PhD**—presenting research support for peer support strategies as an alternative to individually assigned adult support, and practical resources for implementing these interventions in school settings.
- **Leonard Abbeduto, PhD and Lana Collet-Klingenberg, PhD**—presenting the progress to date with: The National Professional Development Center on Autism Spectrum Disorders.

“A Day with the Experts”

This event offers participants an opportunity to learn about research being conducted on Autism Spectrum Disorders at the Waisman Center, and to hear firsthand from a panel of people diagnosed with an ASD. Registration forms and information are available online at www.autismmadison.org. **Please join us!**
