

# Safety Resources

## Online Resources:

### **National Down Syndrome Society - “Managing Behavior”**

Provides guidance regarding factors to consider when concerned about any behavioral challenge.

<http://www.ndss.org/Resources/Wellness/Managing-Behavior/>

### **Be REDy Caregiver Toolkit – (there are also toolkits for teachers and first responders)**

Comprehensive planning guide regarding safety for children who wander or run away

<http://nationalautismassociation.org/resources/awaare-wandering/be-redy-booklets/>

### **Kohl’s Safety Center -**

Safety products available at cost and consultation regarding safety concerns.

***Appointment strongly recommended***

<http://www.uwhealthkids.org/kids-health-and-safety/kohls-safety-center/35396>

## Places you can call:

### **Waisman Resource Center - #800-532-3321**

Information, support, and problem solving.

### **Wisconsin’s Regional Centers for Children & Youth with Special Health Care Needs (CYSHCN)**

Information, support, and links to family leadership training and opportunities.

Find your regional center here:

<https://www.dhs.wisconsin.gov/publications/p4/p40051.pdf>

## Products to consider:

***ID bracelets:*** Velcro, Medical Alert, printable/disposable, shoe tags

***Temporary tattoos:*** Use for the day; write your contact information on them

***Home and appliance safety:*** refrigerator locks, oven locks

***Door and doorways:*** pressure gate, mountable gate, sliding locks, door stops

**Tracking technology:** Consider - GPS vs. Bluetooth vs. Radio Frequency

***Trax Play:*** GPS, uses data through cell company, monthly fee

***AngelSense:*** GPS, uses data through cell company, monthly fee

***Smart Sole:*** GPS, uses data through cell company, monthly fee

***My Buddy Tag:*** Uses Bluetooth on cell phone

***Care Trak:*** Radio Frequency - accessed through law enforcement

***Project Lifesaver:*** Radio Frequency - accessed through law enforcement
