1 The figures in the table reflect the whole-month fees for September through May; an additional half-month fee is assessed for June, which completes the academic year. For children enrolled in the summer an additional half-month fee is assessed for the first half of August, which completes the summer session.

2 Enrollment in WECP is year-round. An additional fee of \$500 is assessed for non-enrollment in the summer for those children continuing in the fall.

3 The former 12:30 option is no longer an option, but families who were already enrolled may choose to be “grandfathered” in. This will be outlined in individual contracts. Based on individual child needs, there may be some variation in start/end times, which could pro-rate tuition rates.

4 All 4K eligible children (4 years by 9/1/20 and have not yet completed 4K) need to enroll in MMSD using this link: enrollment.madison.k12.wi.us/begin-5K-4K-online-enrollment
